How do I log in to Arrivu Apps application using my Mobile

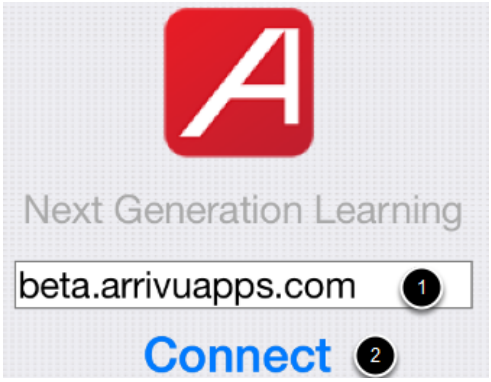
Before logging into the Arrivu Apps application, make sure you have the downloaded the application . You will need to know your institution's URL to access the Arrivu LMS application in your ipad.

Note: You must have an account to log in.

How do I log in to Arrivu Apps Mobile Aapplication?

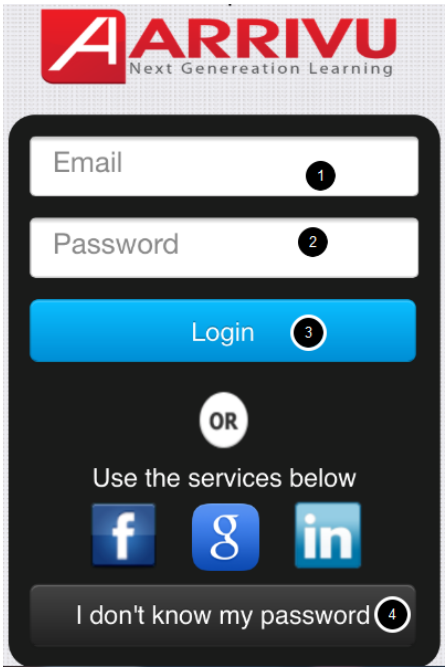
Open your iPhone and tap the **Arrivu Apps** icon.

Enter your Institution's URL



Enter your institution's URL in the URL field [1]. Tap the **Connect** link [2].

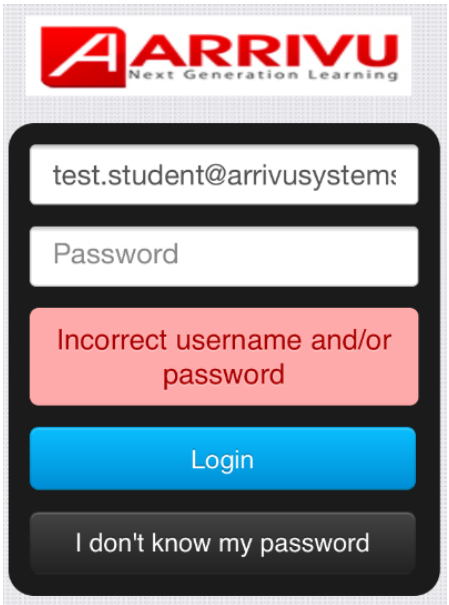
Log in to the Arrivu Application.



The URL you are logging into will be displayed at the top of your screen. Log into Arrivu using your Email address [1] and password [2]. Tap the **Login** button [3].

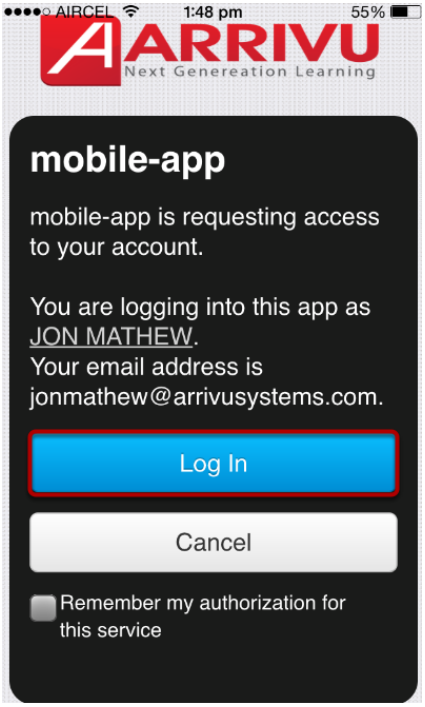
If you don't know your password, tap the **I don't know my password** button [4]. .

Incorrect Password



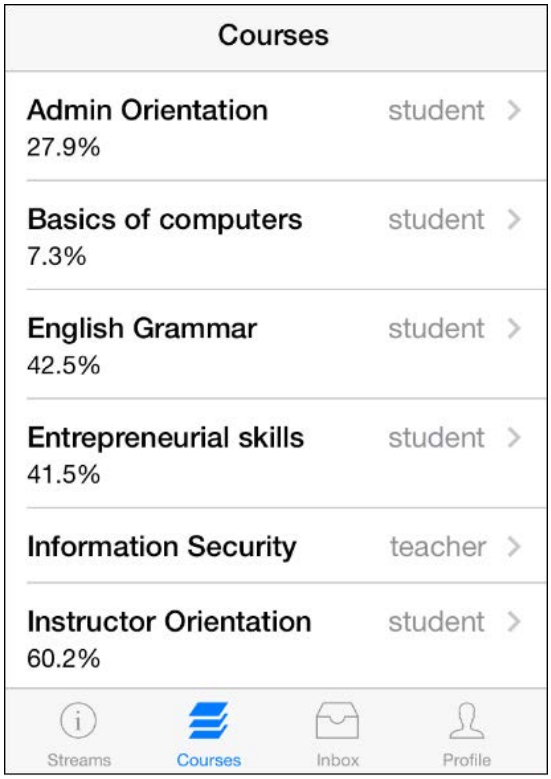
If you enter an incorrect user name or password, then it will display an error message as shown in the image above.

Allow Access to Account



To allow Arrivu applications to access to your account, Click **Remember my authorization for this service** and tap the **Log In** button.

View Dashboard



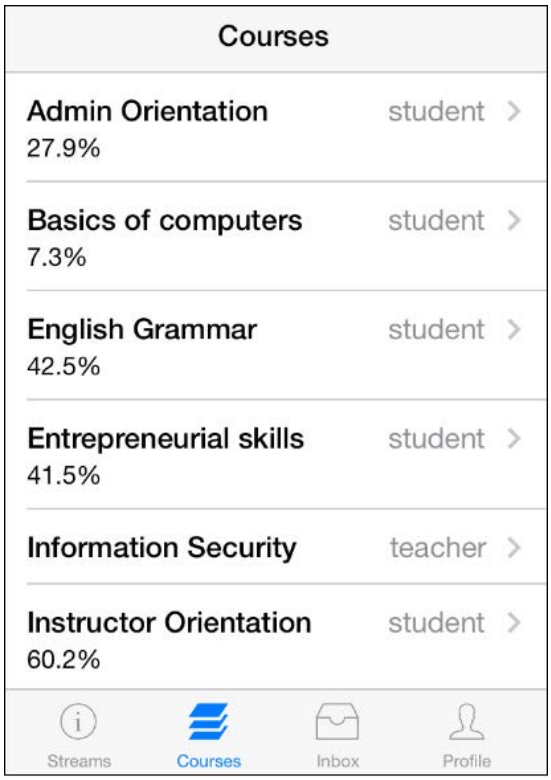
View the **Dashboard** for your account.

Once you've logged in, learn how to use the Arrivu applications.

How do I use the Arrivu Apps Application on my Mobile?

The application displays **To-Do** items, Notifications and Messages, along with the functionality to access and complete a course.

View Dashboard

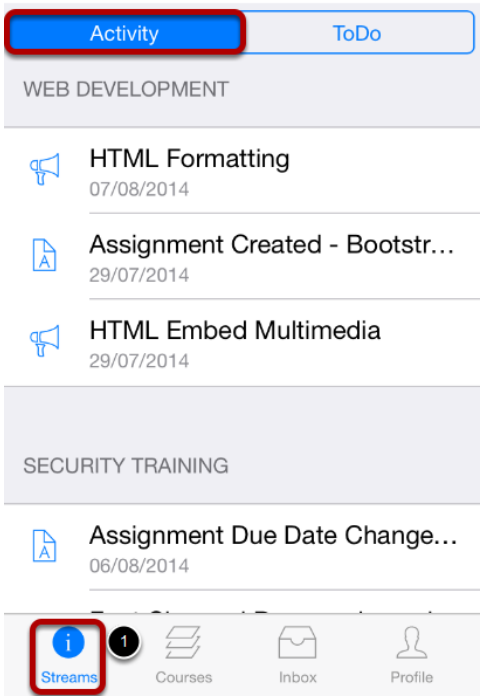


With the Arrivu LMS application on your Phone, you can:

1. View your Activity
2. View Course
3. View Conversations Messages.
4. View your Profile
5. View your Recent Activities and View your To-Do List in the Activity Streams [1].

The Dashboard defaults to the Courses tab and displays all your current courses.

View Activity



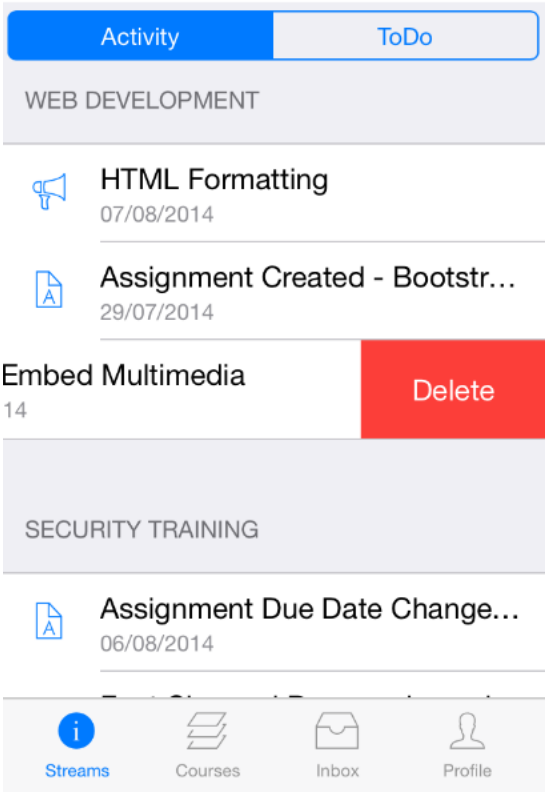
To view Streams, tap the **Activity** tab [1].

Activity gives you an overview of all course notifications such as changes to an assignment due date, newly created assignment, course announcement or a reply to a subscribed discussion.

Tapping an Activity item takes you to its corresponding page.

You can also view specific course Notifications within each of your courses.

Delete Activity

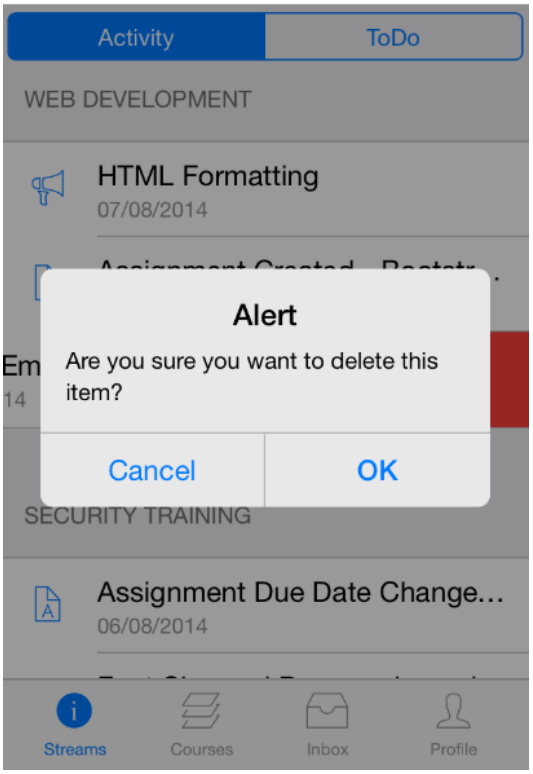


You can ignore an activity in the Recent Activity by deleting it.

Swipe an activity from right to left to ignore it.

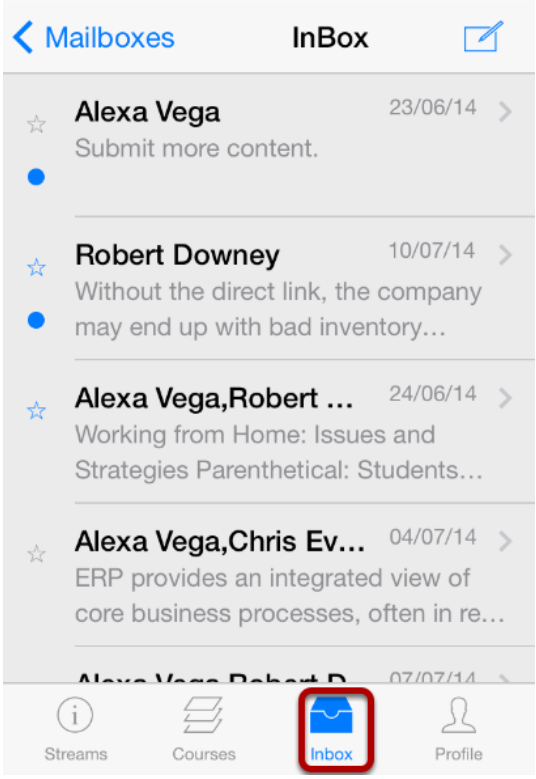
You can also tap the **Delete** link.

Confirm Delete



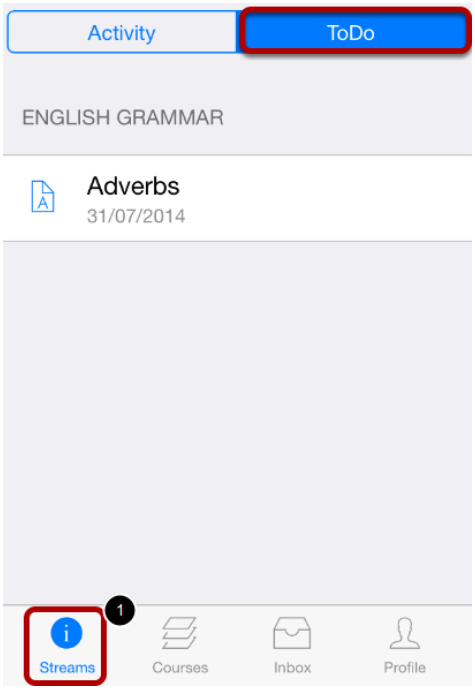
Click **OK** to delete the activity.

View Messages



To view Conversations messages in the Arrivu LMS app, tap the **Inbox** icon .

View To Do

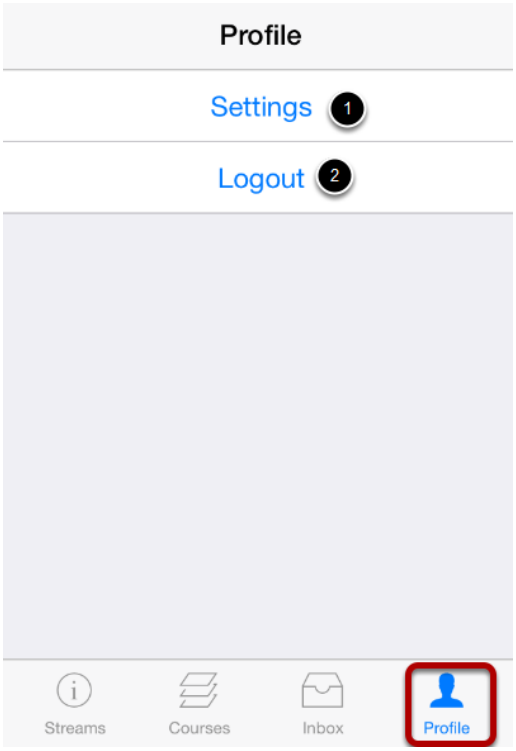


To view the To Do List, tap the **Streams** icon [1].

The To Do List gives you a quick view of upcoming course activities that you haven't completed yet.

Tapping an activity item takes you to its corresponding page, so that you can complete it directly from the To Do List if you prefer.

View Profile

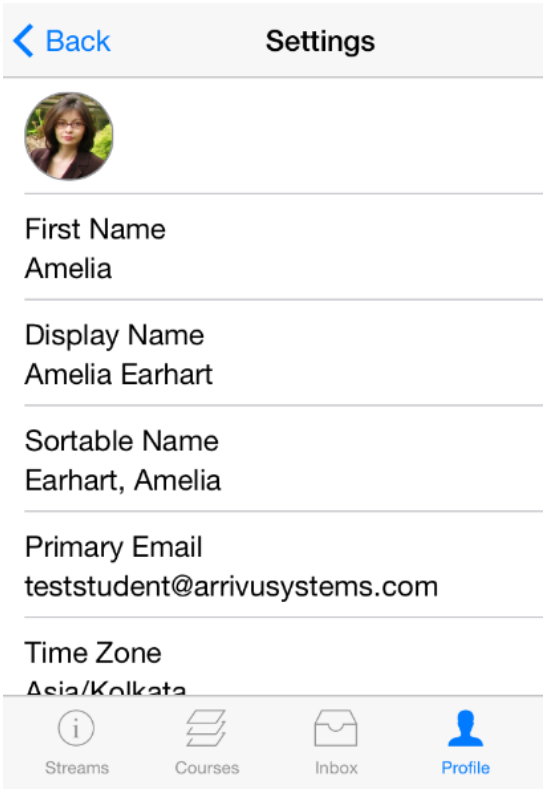


To view your Profile, tap the **Profile** link.

Your Profile page shows all the information associated with your account. From this page you can:

1. Change the settings - View your Profile , Edit information.
2. Log out of the application.

View or edit the Profile Details

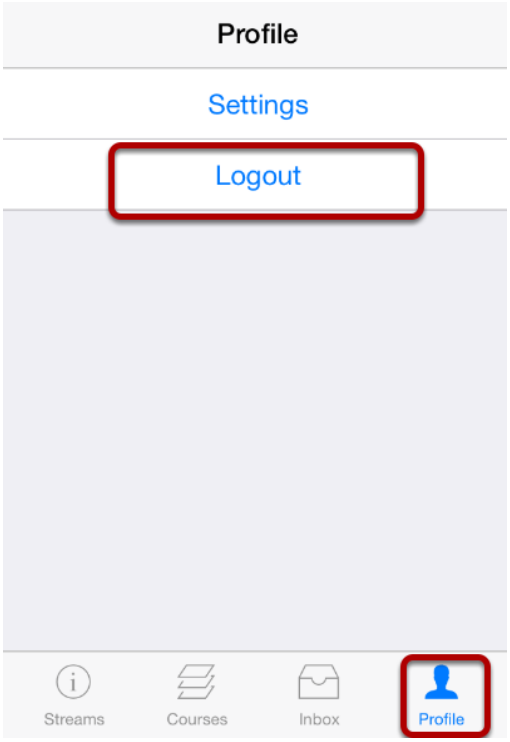


Tap the **Settings** link in the Profile page to view and edit your profile details.

How do I log out from the Arrivu Apps Application on my Mobile?

You can log out of the application when you are finished using the application as shown below.

View Profile



Tap the **Profile** icon.

Your Profile page shows you all the information associated with your account. From this page you can:

1. Change the Settings - View your Profile , Edit information.
2. Log out of the application.

Tap **Logout** link to logout of the application.

How do I view Announcements using the Arrivu Apps Application on my Mobile?

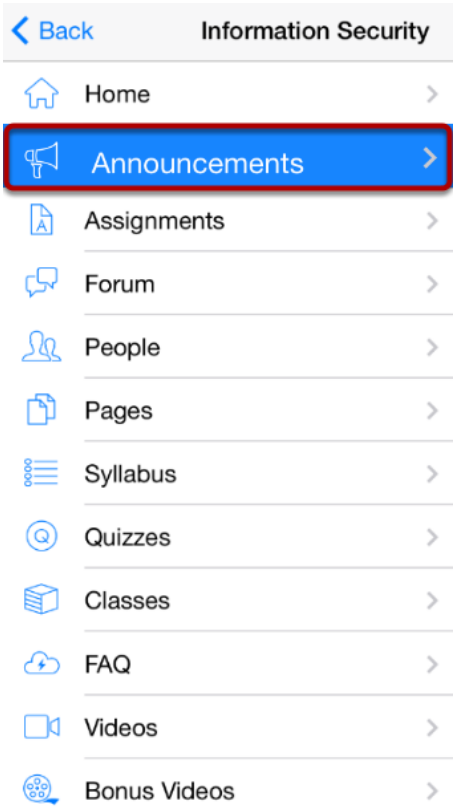
You can view the Announcements in your courses directly in the Recent Activity tab.

Open Courses

To view the courses, tap the **Courses** icon and it will display all the current courses.

To open a course, tap the course's name.

Open Announcements

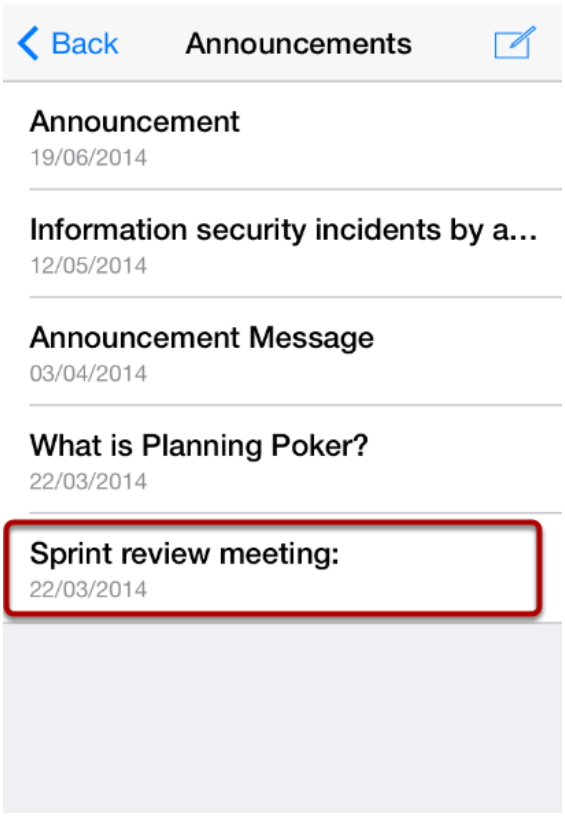


Within each course, you will be able to view the course navigation links.

The courses defaults to the Course navigation tab and displays all the activities present in the course.

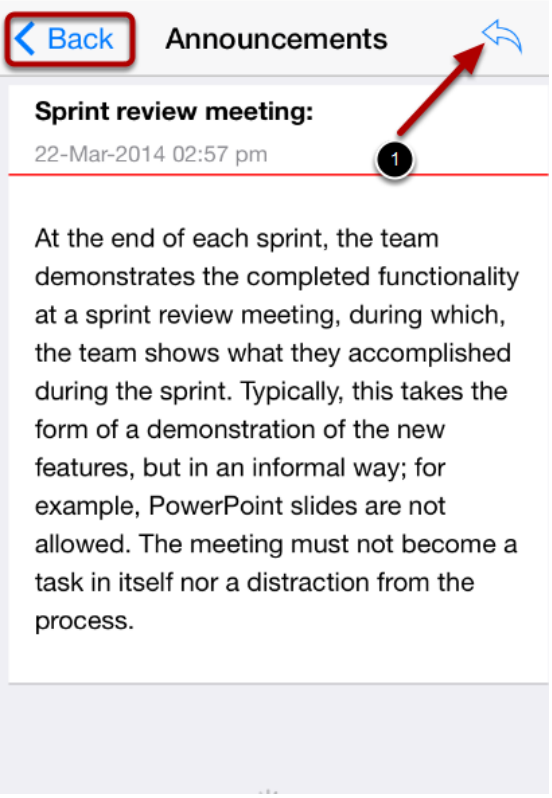
To open announcement tap the **Announcements** link.

Open an Announcement



To view an announcement, tap the Announcement you want to read.

View the Announcement



View the Announcement on your phone.

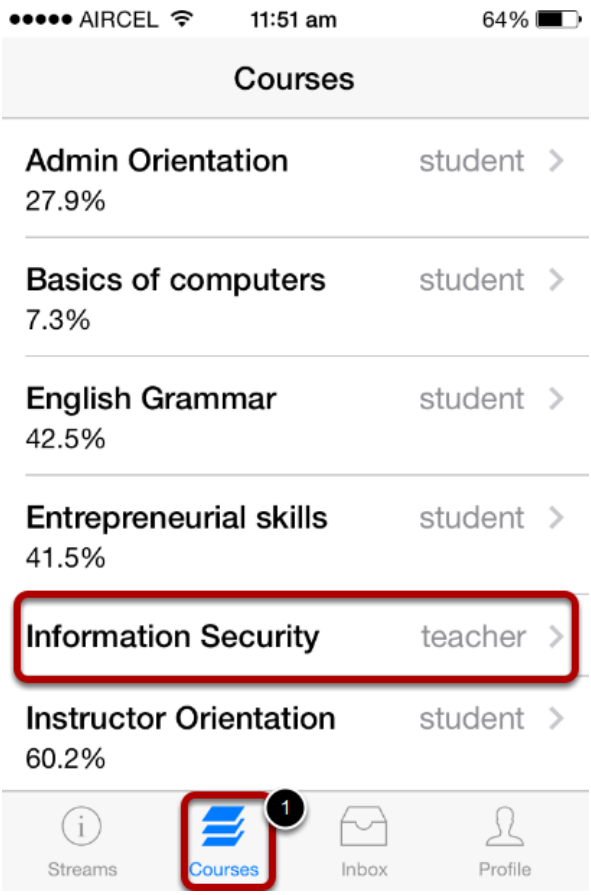
To return to the Announcements list, tap the **Back** link.

To reply to the Announcement, tap the R**eply** icon [1].

How do I create an Announcement using the Arrivu Apps Application on my Mobile?

Instructors can create Announcements on the application to notify the students about the events.

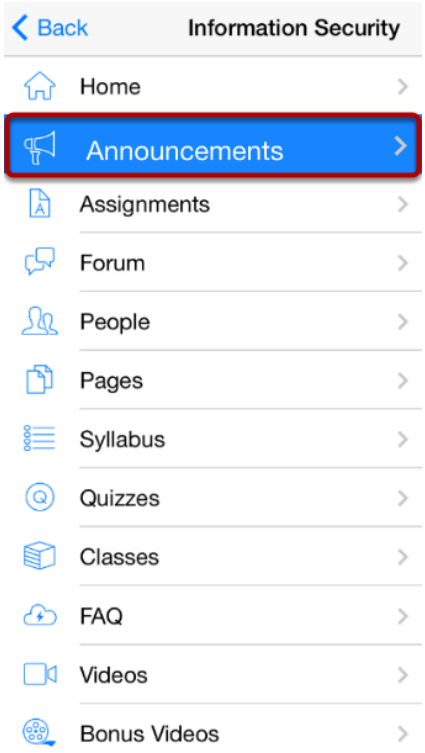
Open the Course



To view the Courses, tap the **Courses** icon [1]. It will display all the current courses.

To open a course, tap the course's name.

Open Announcements

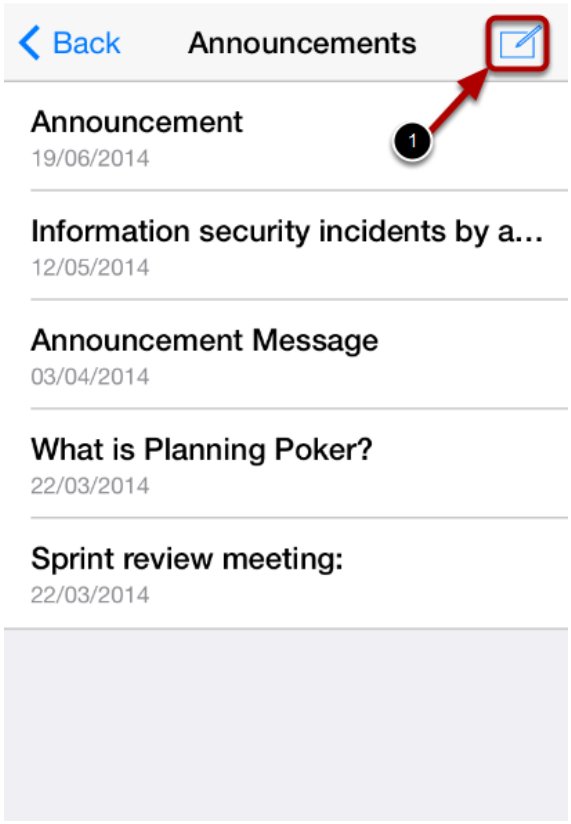


Within each course, you will be able to view the course navigation links.

The courses default to the Course navigation tab and displays all the activities present in the course.

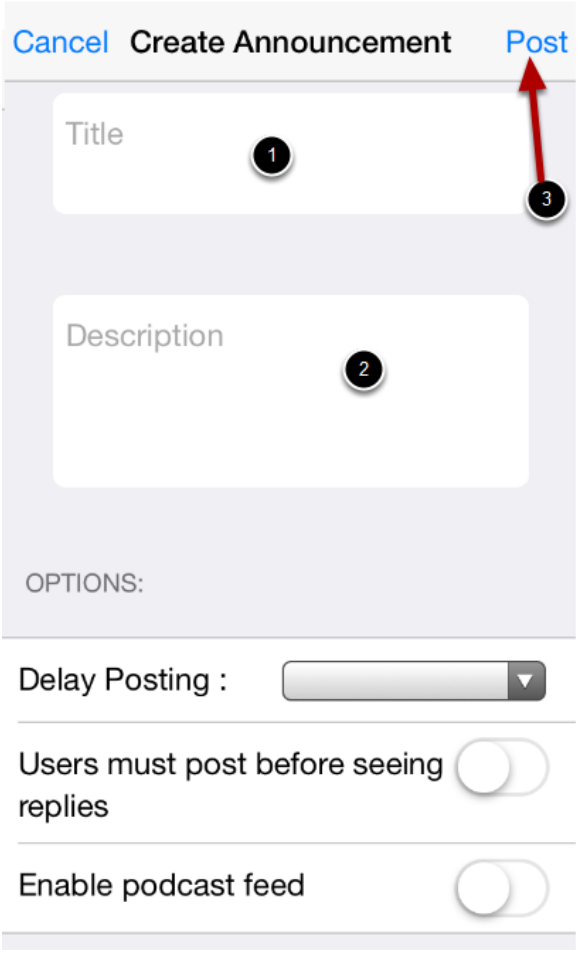
To open the announcement, tap the **Announcements** link.

Add Announcements



Tap the **Create New Announcement** icon [1].

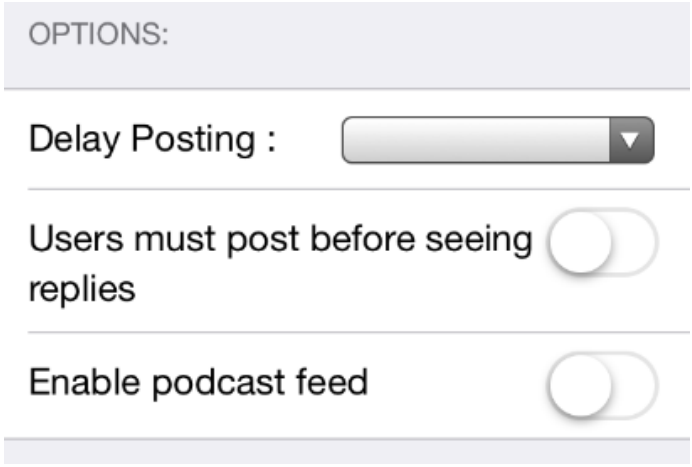
Create Announcement



Create a **Title** for your Announcement [1]. Enter the details of your announcement in the **Description** field [2]

When you are finished, tap the **Post** link [3].

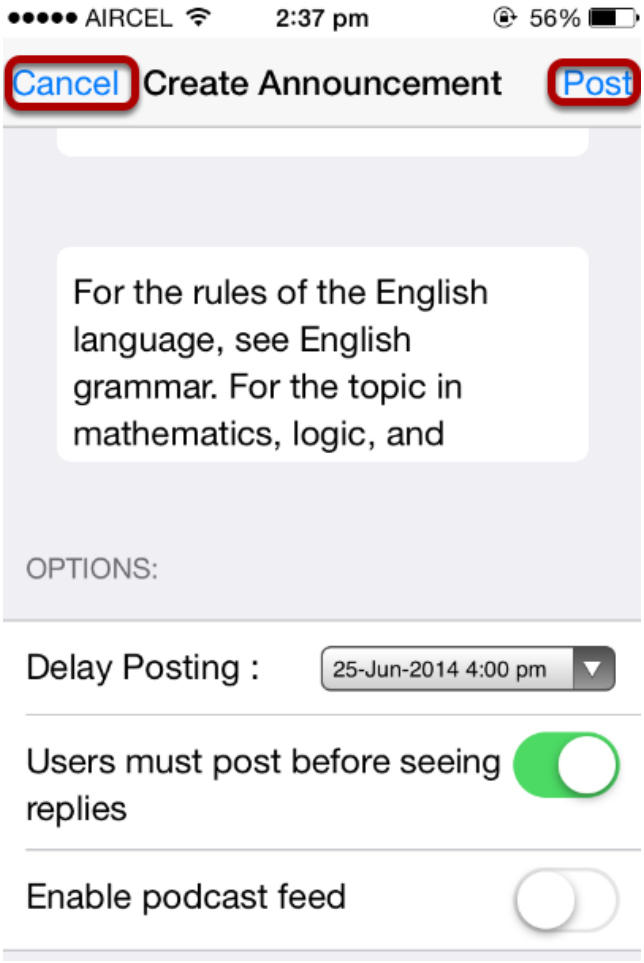
View more options



View More Options:

- Select **Delay posting** date from the drop down to delay the announcement post.
- Swipe **User must post before seeing replies**.
- Swipe **Enable podcast feed.**

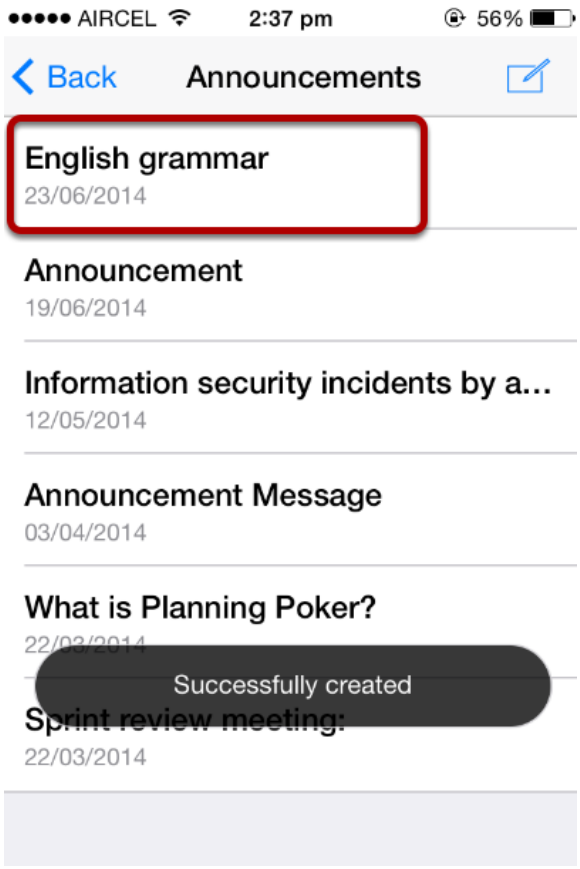
Create an Anouncement



To create a new Announcement, type all the information and tap the **Post** button.

To cancel it's creation, tap the **Cancel** button.

View Announcements



Once you add an Announcement, it will show up on the Announcements list page.

However, since you delayed the posting, it will have the reminder saying "**This topic will not be visible to users until DATE at TIME.**"

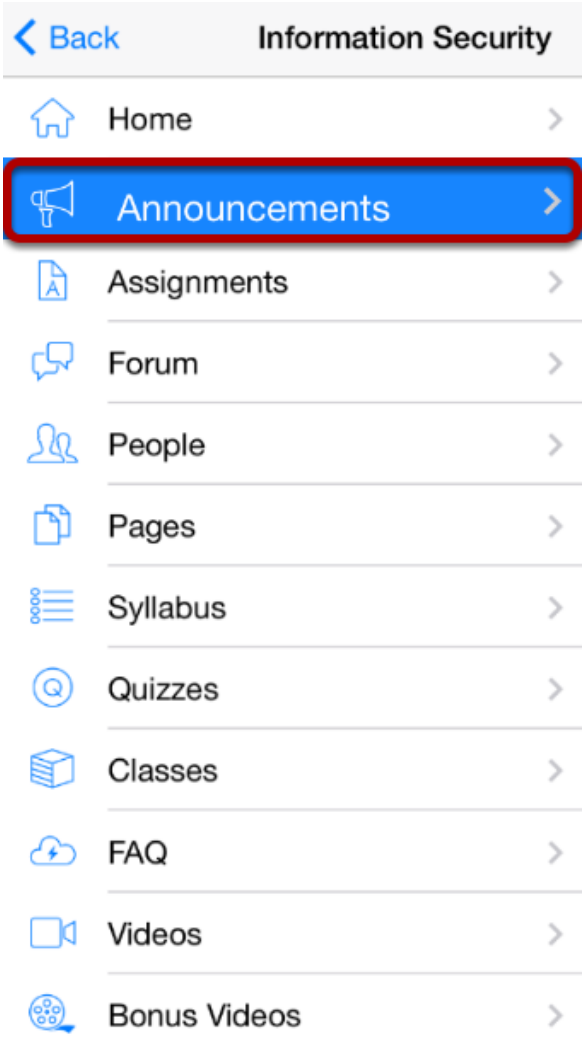
How do I reply to an Announcement using the Arrivu Apps Application on my Mobile?

Users can reply to the Announcements through the Course screen. They can also reply tothe Announcements through the Notifications tab.

View Courses

To view the Courses, tap the **Courses** icon. It will display all the current courses.
To open a course, tap the course's name.

Open Announcements

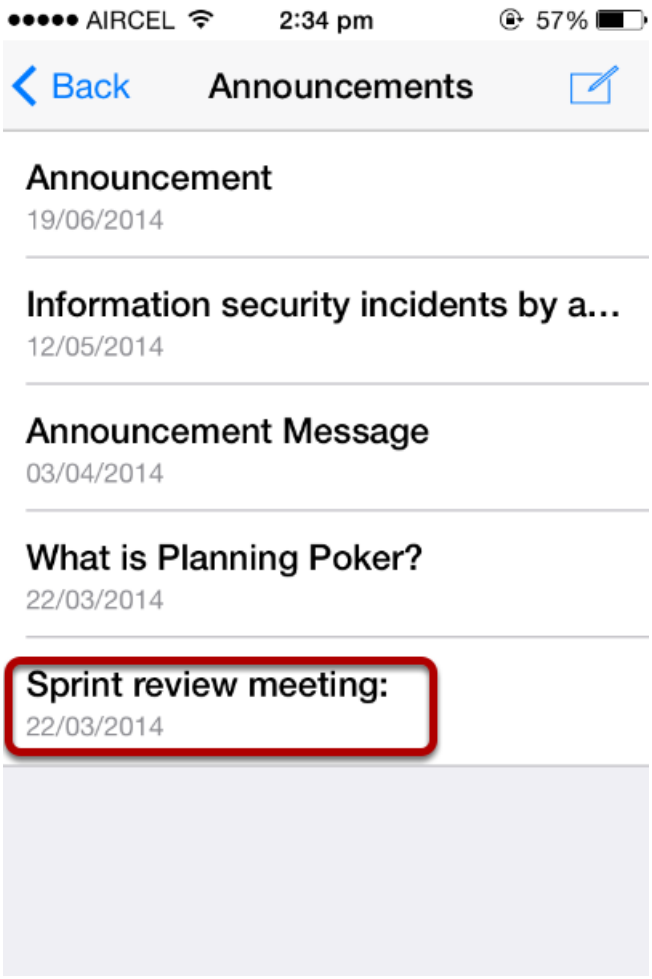


Within each course, you will be able to view the course navigation links.

The courses defaults to the Course navigation tab.

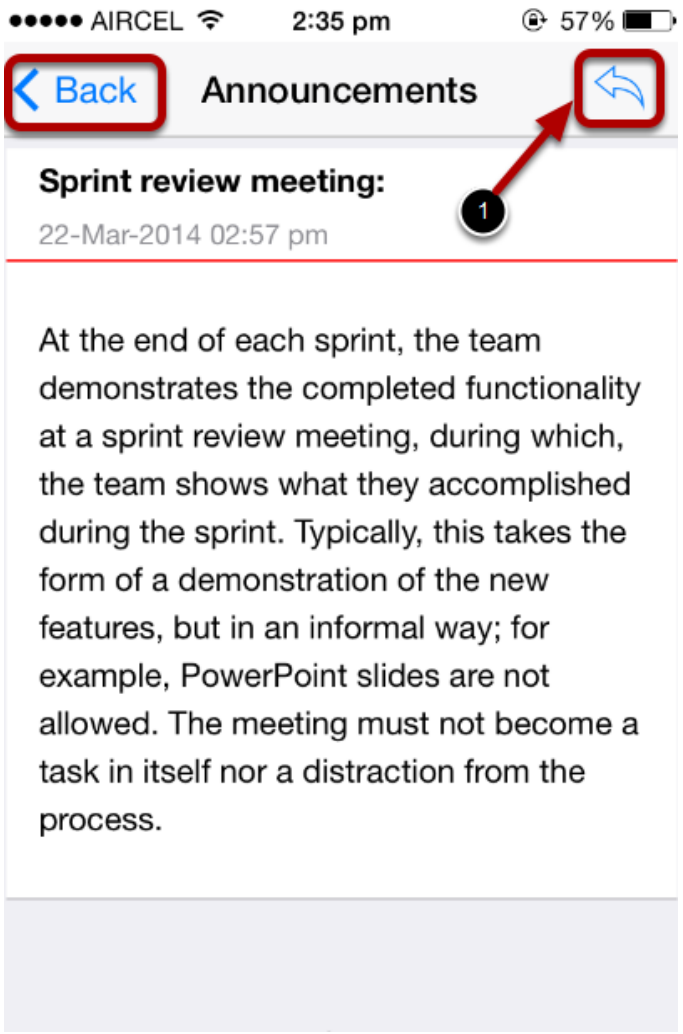
To open an Announcement, tap **Announcements**.

Open the Announcement



To view an announcement, tap the Announcement you want to read.

View the Announcement

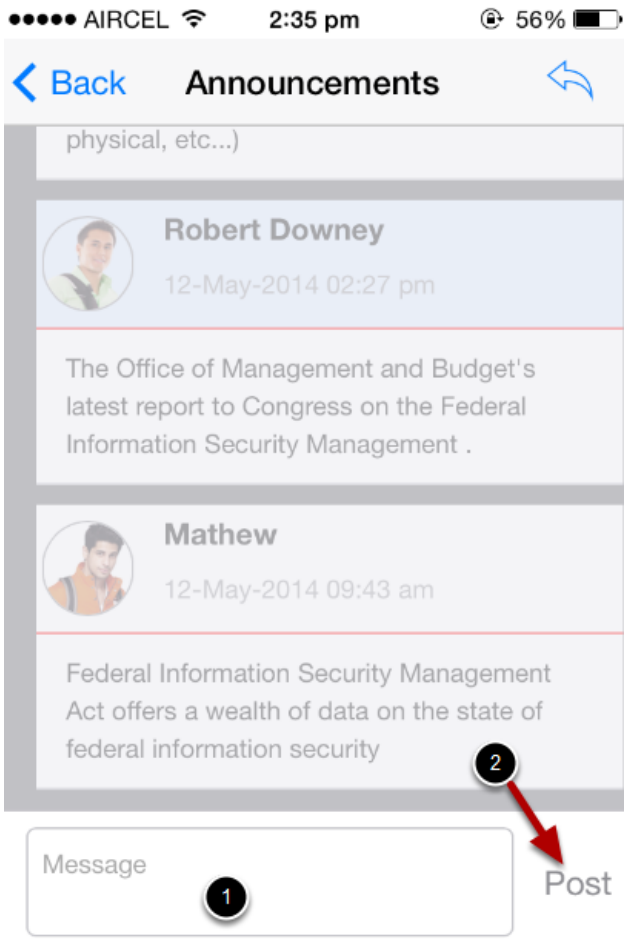


View the announcement on your phone.

To return to the Announcements list, tap the **Back** link.

Tap **Reply** link [1] to reply to the announcements.

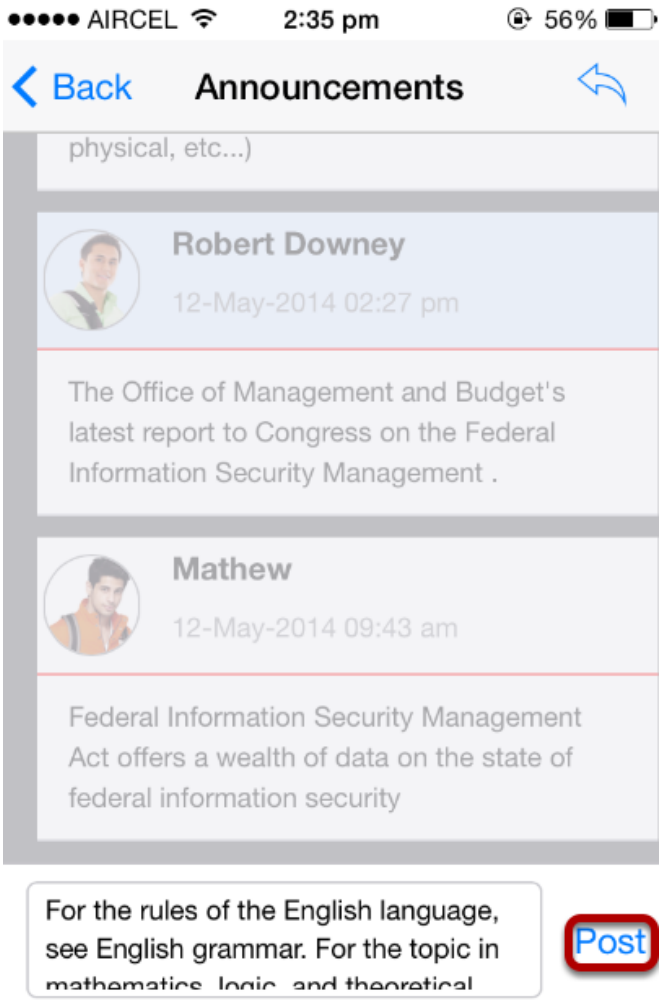
View Reply Field



Enter your message in the text field [1]. Then tap the **Post** button [2].

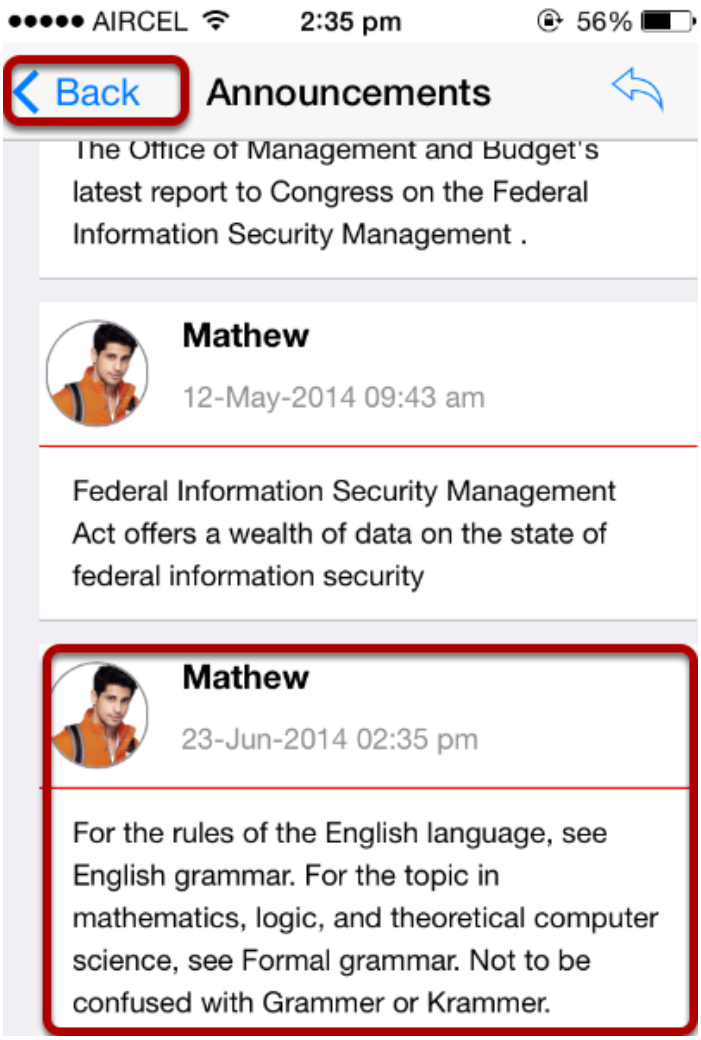
Note: When you start typing into the message field, the post link will get enabled.

Create a Reply



Tap the **Post** link when you've finished typing.

View your Reply



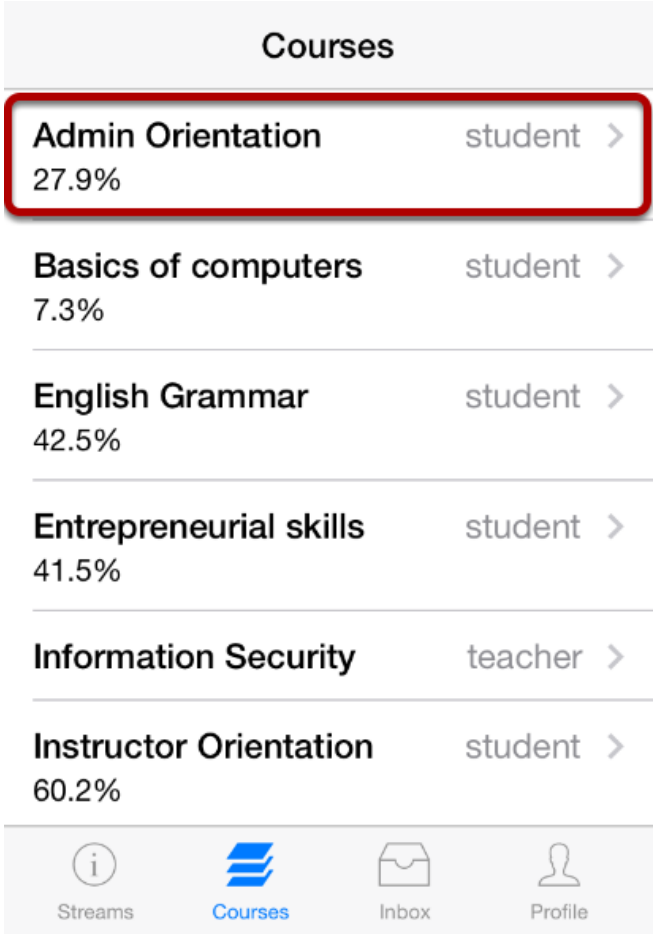
Your recent replies are added at the end.

To return to the Announcements list, tap the **Back** link.

How do I view the Assignments using the Arrivu Apps Application on my Mobile?

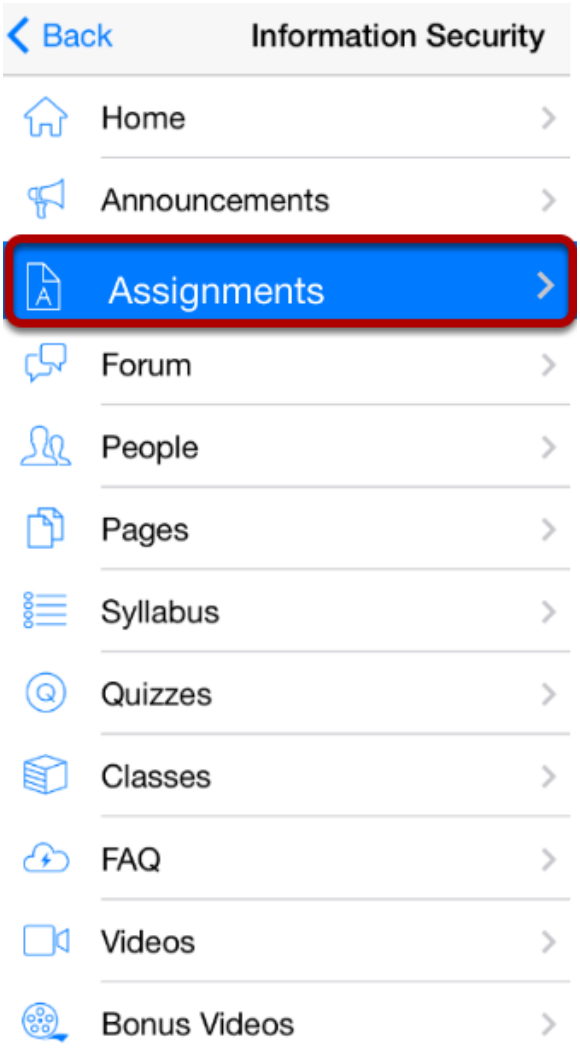
This application helps you keep track of all course assignments. You can also view newly created assignments or any changes to the assignments in the **Notifications** tab.

View Courses



To view the courses, tap the **Courses** icon. It will display all the current courses.
To open a course, tap the course's name.

Open Assignments

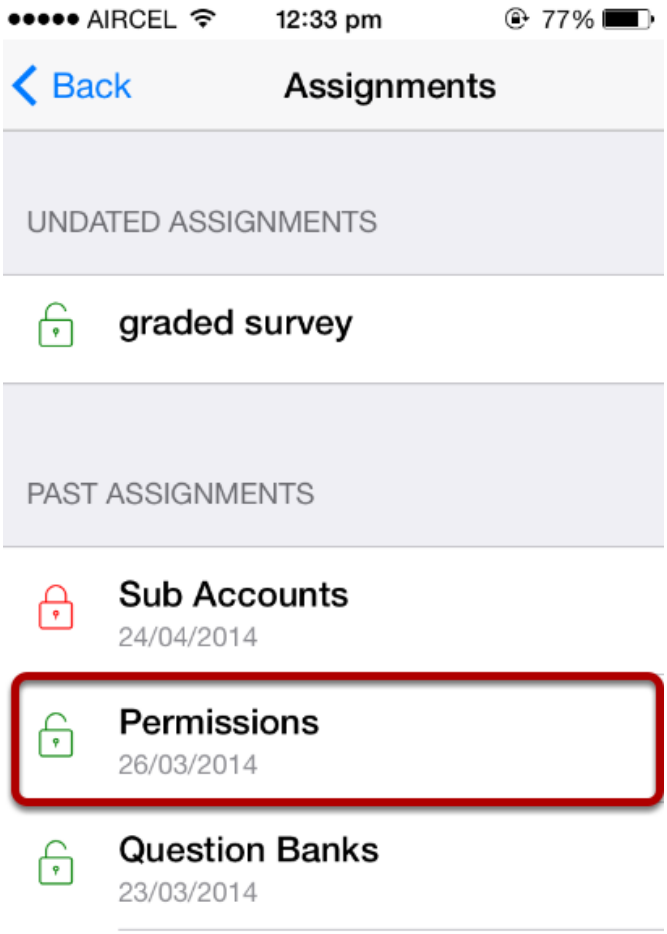


Within each course, you will be able to view the course navigation links.

The courses defaults to the Course navigation tab and displays all the activities present in the course.

To open assignment tap the **Assignments** link.

View Assignments

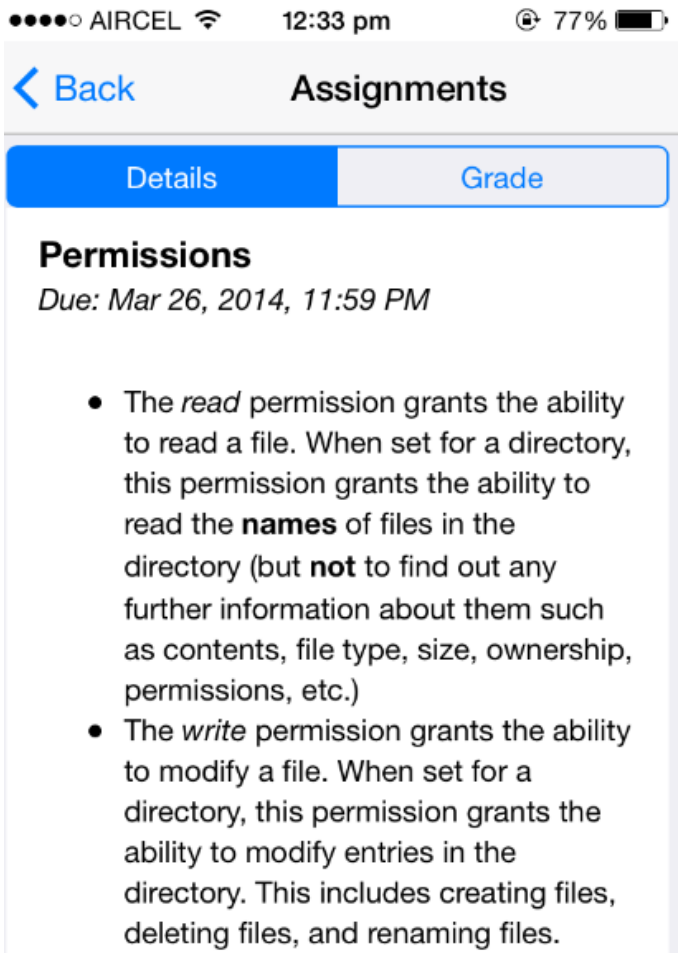


All theAssignments in your course appear sorted by the date.

Tap the Assignment's name you want to see.

By default, the Assignments are grouped by Overdue Assignments, Upcoming Assignments, Undated Assignments and Past Assignments.

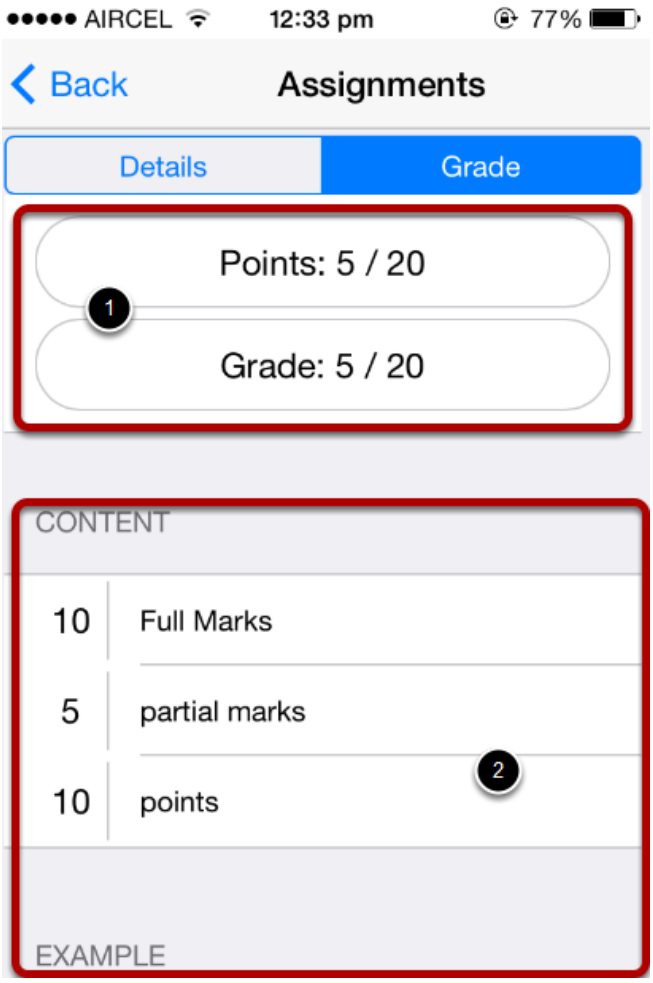
View Assignment Details



The assignment details contain due date and some description.

To view the points and Rubric information, Tap the **Grades** tab.

View Points and Grade Details



To view Assignment' points [1] and Rubric information [2], tap the **Grade** tab. This information is set by the instructor.

This is used to show the marks split up in details.

Note: You can see your marks after your instructor updates your marks to the Assignments.

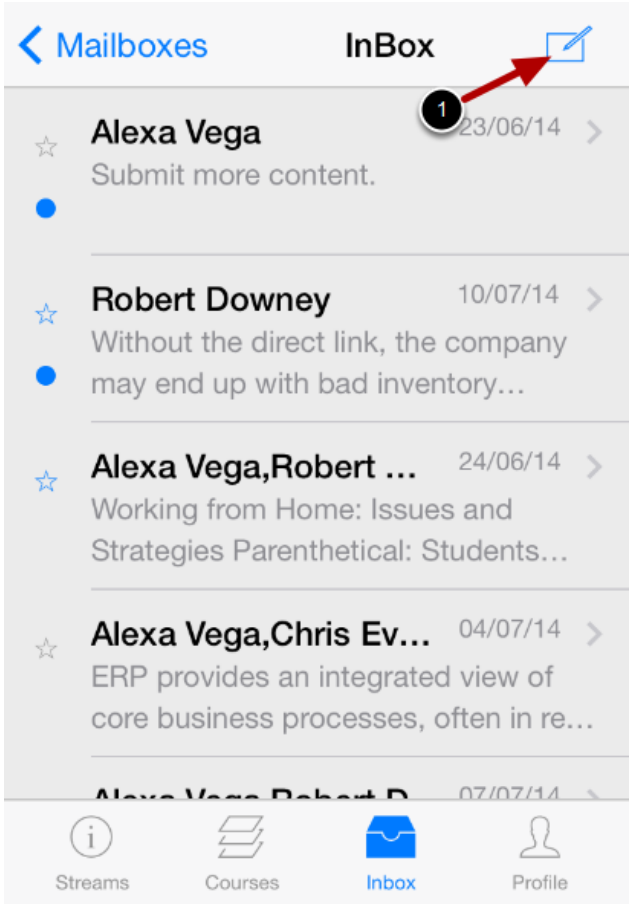
What is the Conversations Inbox?

Conversations is a messaging system within Arrivu LMS.
Arrivu LMS lets you access your conversations , so you can keep in touch with the people in your course at any time. Comments posted on assignments will also appear in your Conversations Messages.

Open Inbox

Tap the **Inbox** icon [1].

View Conversations Messages



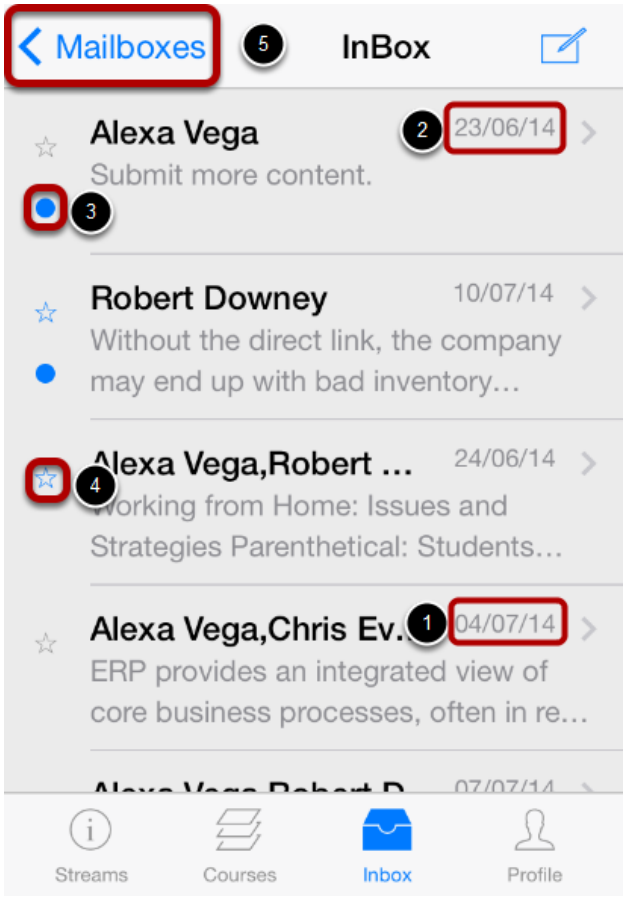
The Conversations folder displays all messages you have received and view that conversation details, When you Tap the message you wants to see.

It is organized the same way as the browser version of Conversations.

Messages are arranged in chronological order—older messages appears at the top, and older messages appears at the bottom.

You can create a new message by clicking the **pencil** icon [1] to send a new message.

View Conversations Inbox

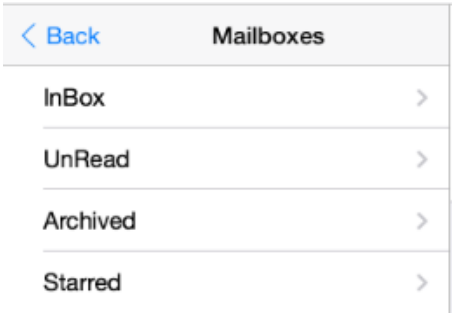


The Conversation Inbox is organized chronologically from oldest to newest with the oldest Conversations [1] appearing on top and the newest Conversations [2] appearing towards the bottom.

Unread conversations messages are indicated with the **blue dot** [3]. starred conversations are indicated with the **blue star icon** [4].

Tap the **Mail boxes** link [5] to view the Mailboxes filter.

View Mailbox Filters



By clicking the **Mail boxes** link , You can view the Inbox, Unread Conversations, Starred Conversations and Archived Conversations.

You can view different types of messages.

The default view is the Inbox , which shows all types of messages.

If you want to view messages you haven't read yet, tap the **Unread** button

To view messages you've archived, tap the **Archive** button.

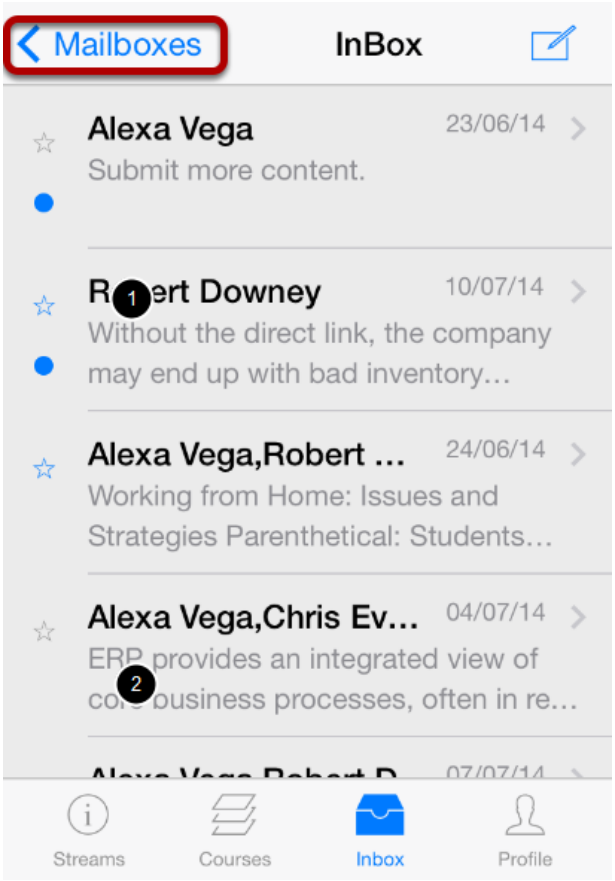
How do I view the Conversations messages using the Arrivu Apps Application on my Mobile?

You can access the Conversations on your iPhone, and keep in touch with the students any time. The Comments for the Assignments will also appear in your Conversations Messages.

Access the Messages

Tap the **Inbox** icon [1].

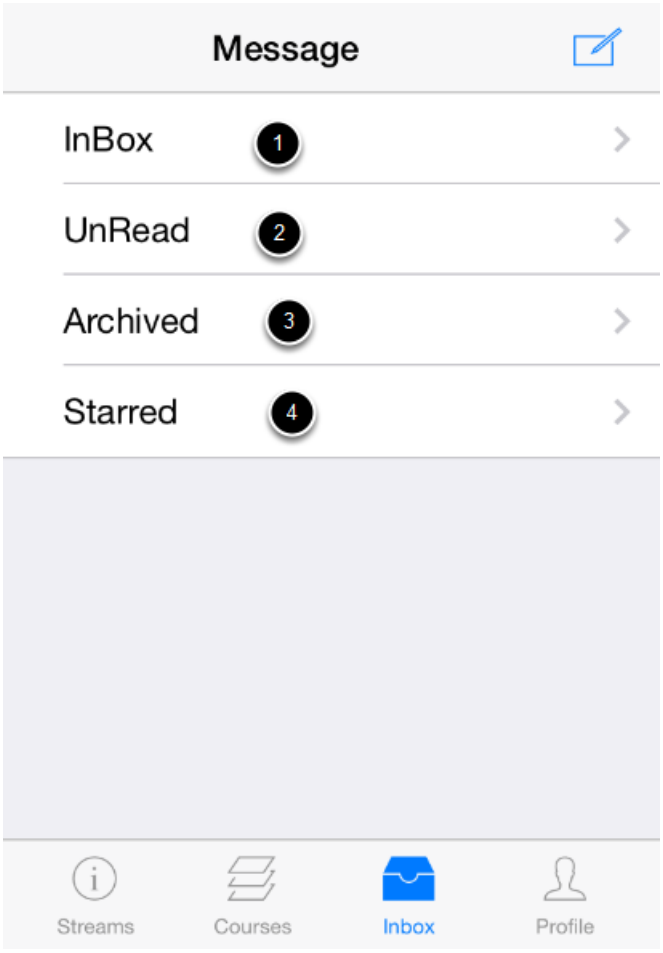
View the Conversations Messages



The Conversations folder displays all messages you have received and is organized the in same way as the browser version of Conversations. The Messages are arranged in chronological order, i.e. newer messages appear at the top, and older messages appear near the bottom.

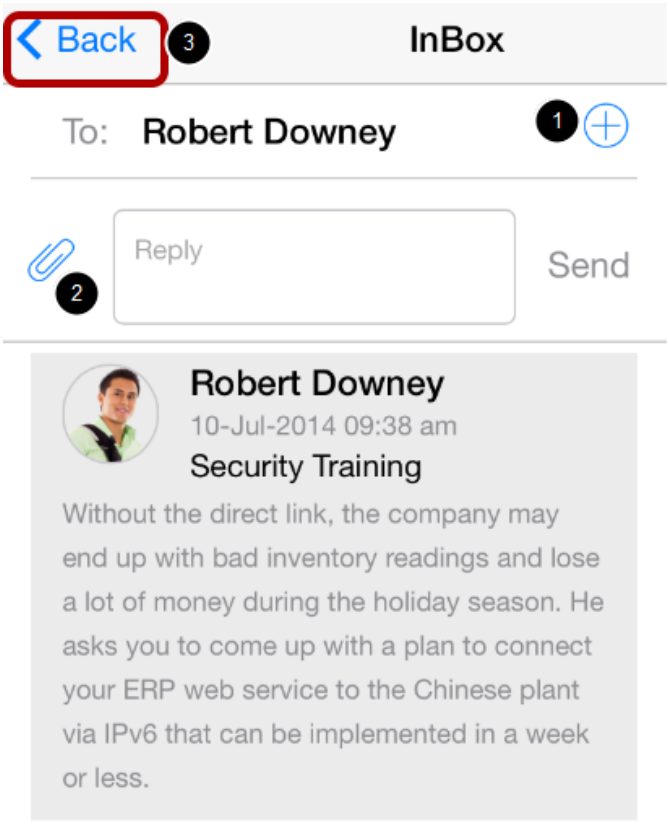
Tap the **Mailboxes** link to view the Mailboxes filters.

View Mailbox Filters



You can view different types of messages. The default view is the **Inbox** [1], which shows all types of messages. If you only want to view messages you haven't read yet, tap the **Unread** button [2]. To view messages you've archived, tap the **Archive** button [3]. To view messages you've starred, tap the **Starred** button [4].

View Messages



To view a message, tap the message you want to view.

View the selected message thread.

To return to the Messages Inbox, tap the **Back** link.

Note: Once you tapped a message to view, the recipients name will added to the "To list" . You can directly reply to that user.

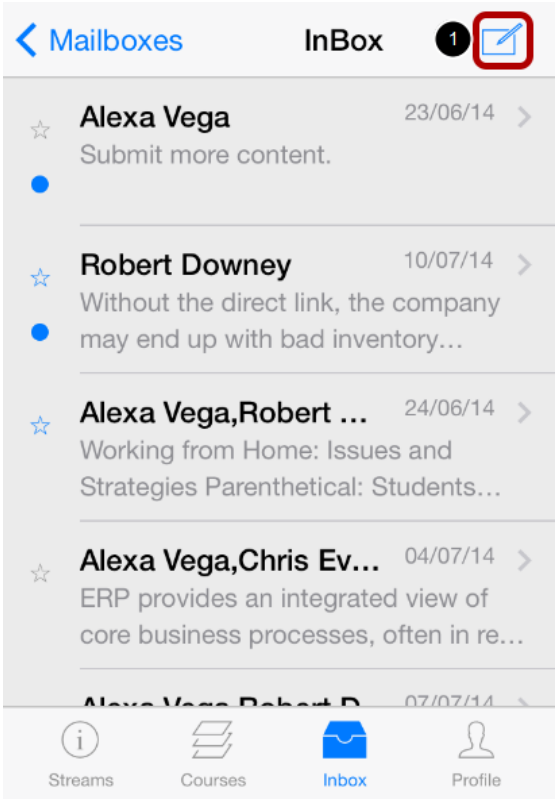
How do I compose and send a Message using the Arrivu Apps Application on my Mobile?

The C**ompose Message Icon** creates a new window by deleting the details in the view and To list. You can filter recipients by course, send messages to individuals, multiple recipients.

Open In-box

Click the **Inbox** icon in the footer to open conversations.

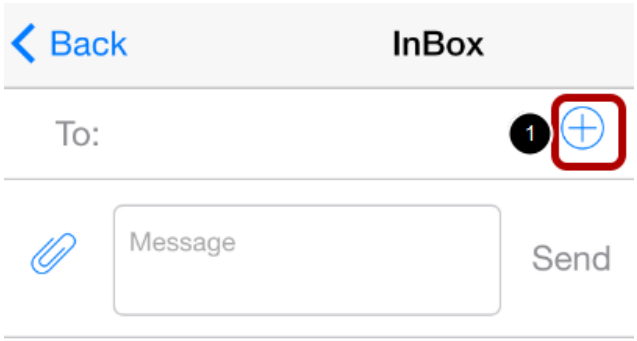
Compose Messages



Click the **Compose icon** [1] to create a new message.

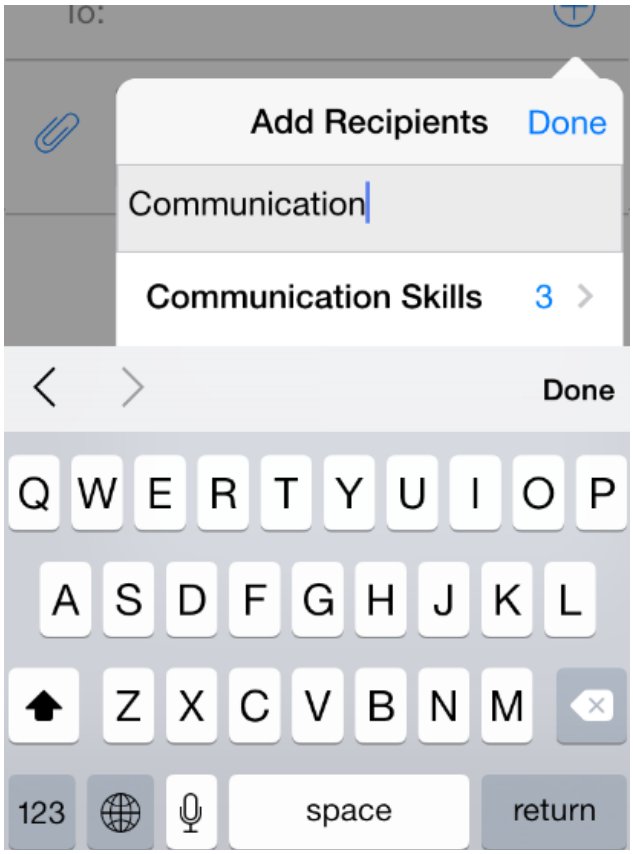
Once you click the Compose icon, the details will get empty.

Add Recipients



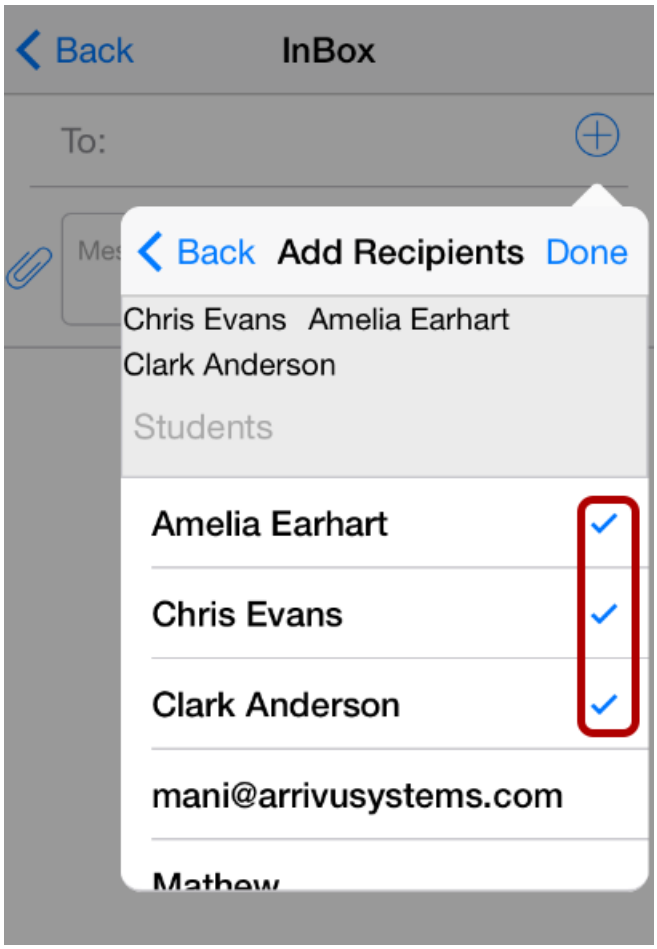
Click the **Add Recipient** icon [1] to send message.

Type the name into add recipient field



When you start typing an individual's name or course's name in the **Search Recipient** field, Arrivu LMS will automatically populate matching names. If multiple names appear, tap the name of the user to select the individual you want to send the message to. Then press **Done**.

The individuals name will appear in the To field.



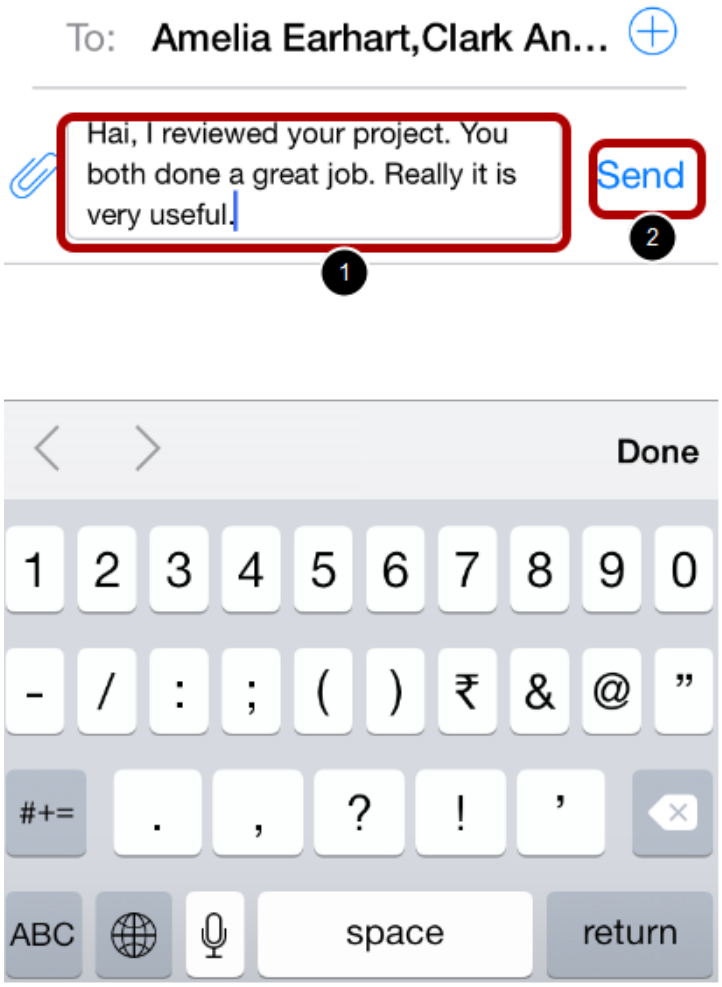
To send a message to multiple recipients, type additional names in the Search recipient field.

Tick mark is used to identify the selected recipient(s) name.

If you accidentally selects the wrong individual(s),

1. Press double time to delete the name in the search recipient field (or)
2. Click the name in the search list to delete the name in the search recipient field.

Compose a Message

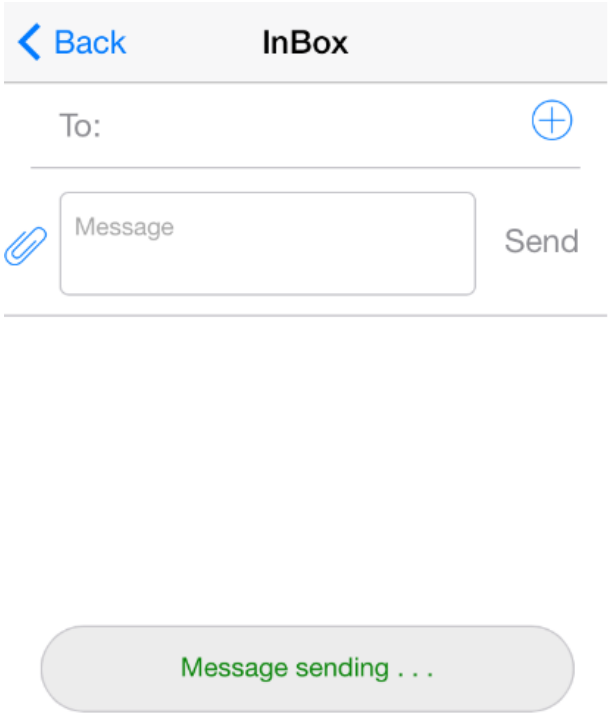


In the compose message window, you can

1. Type a message
2. Click the **Send** link to Send message.

Note: Once you typed the text in to the Message field, Send link will be enabled. You can't send an empty message to the recipients.

Verify sent message



You can verify the status of the message whether it's been sent successfully or not with the notification message.

Note: You can't view the sent message details in this version.

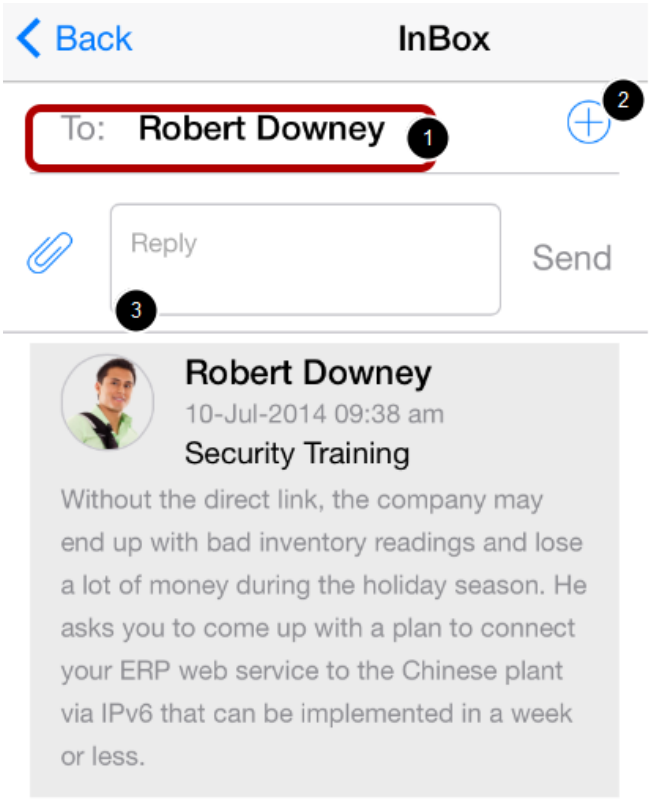
How do I reply to Message in a Conversation using the Arrivu Apps Application on my Mobile?

Arrivu LMS makes it easy to reply to messages in your Conversations Inbox.

Open Inbox

Tap the **Inbox** icon [1].

Open Conversation

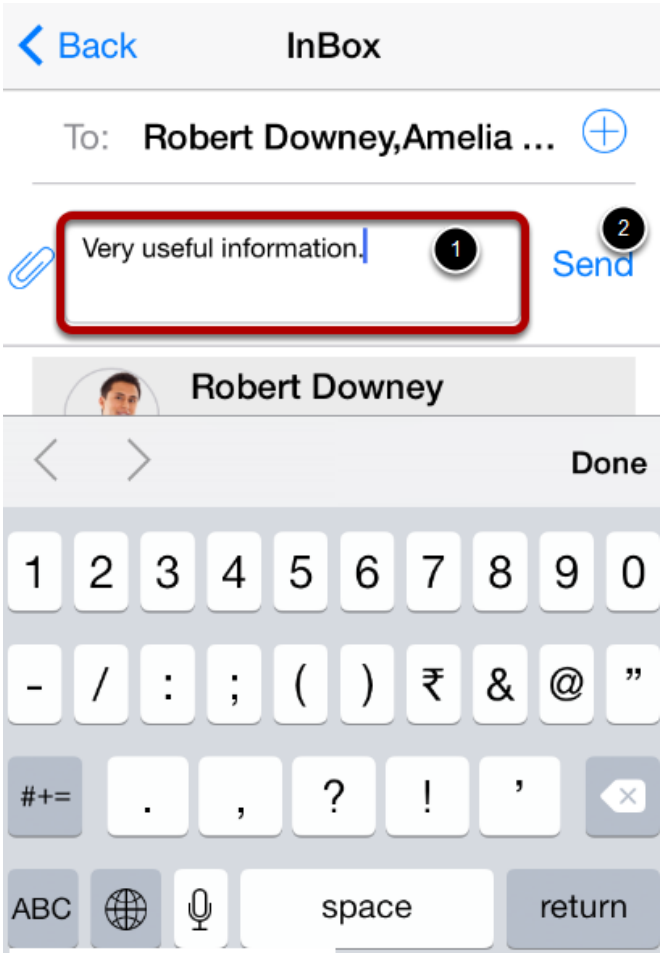


Select the C**onversation** you want to reply.

Once you Tap the Conversation, you can view the Recipients' names in "**To**" list [1].

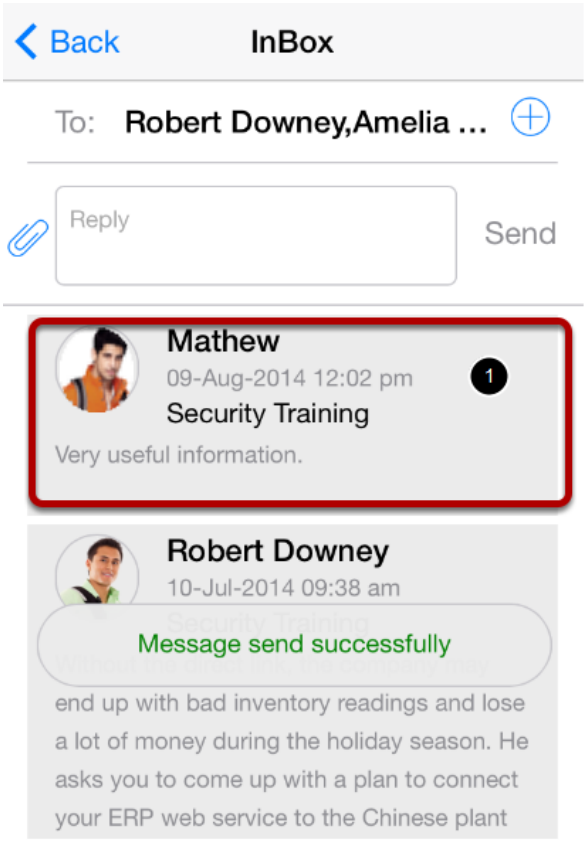
You can also add new recipients to the conversation using the plus icon [2].

Reply to Conversations



Type your reply in the message field [1]. When you are ready, click the **Send** button [2].

View the sent Message



Your message appears at the top of the individual thread [1].

How do I delete a name from the add recipient list using the Arrivu Apps Application on my Mobile?

If you accidentally select the wrong individual(s) in a message, you can easily remove the name(s) before adding it into the "To:" list.

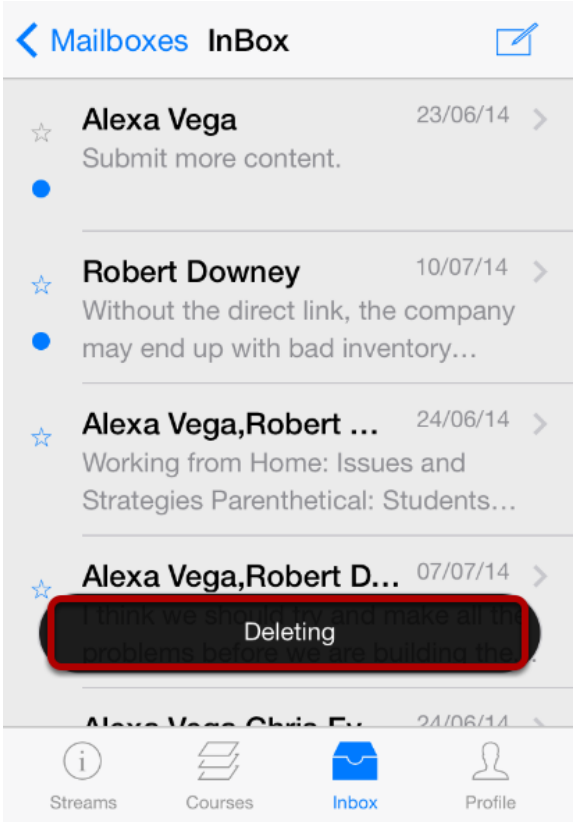
View Deleting status



You can view the status of the message deletion whether it is successfully deleted or not.

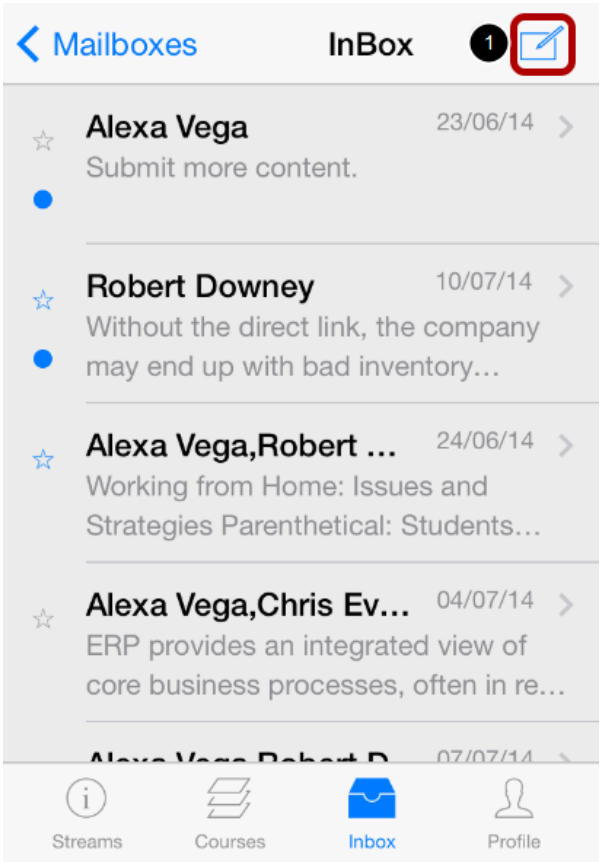
How do I add an attachment to a message in the Arrivu Apps Application on my Mobile?

You can send attachments in conversations messages using the Arrivu LMS application.

Open In-box

Click the **Inbox** icon in the footer to open conversations.

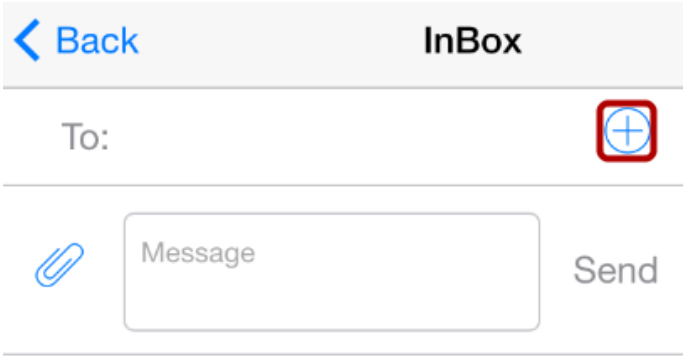
Compose Messages



Click the **Compose icon** [1] to create a new message.

Once you click the Compose icon, the details will get empty.

Add Recipient

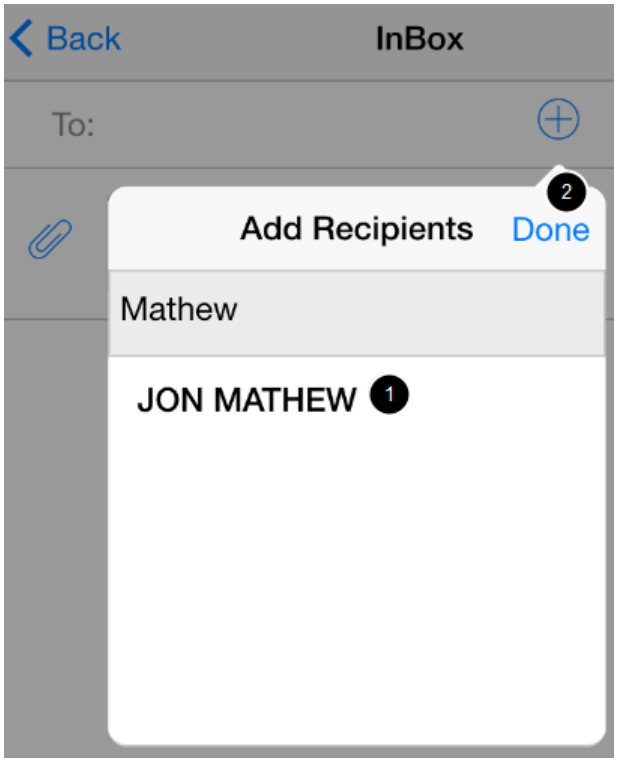


Tap the **Add** icon.

Search for Recipient

In the text field, **type the name** of your recipient.

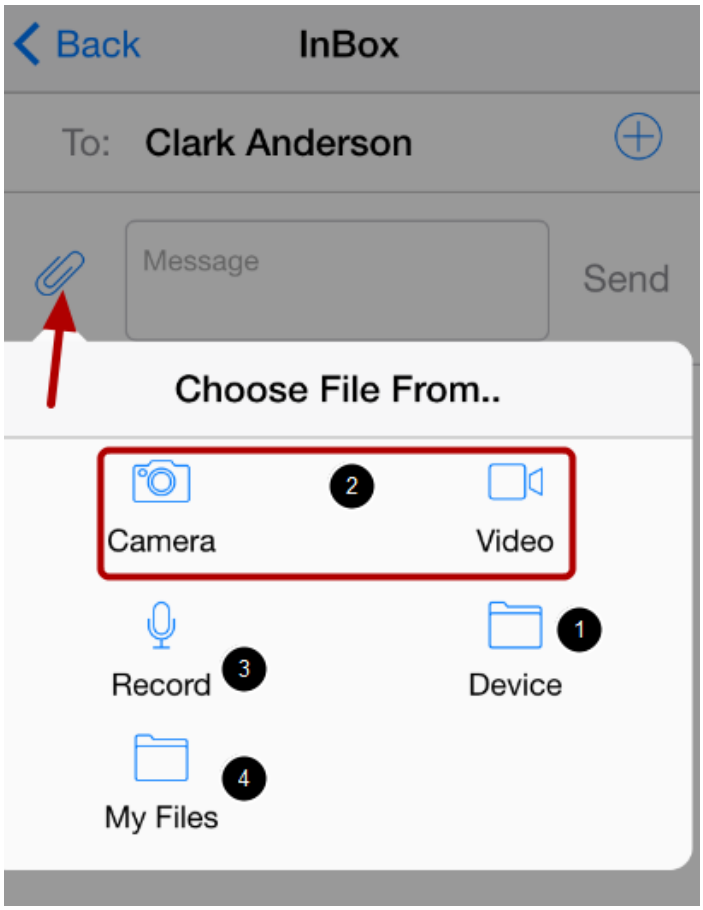
Select Recipient Name



When the full name of the recipient appears, tap the **name** [1]. Then tap the **Done** link [2].

You can also search for a name by course filter and send your message to multiple recipients.

Add Attachment



Tap the **Paper Clip** icon.

To attach a file you've already created, tap the **Device** Icon [1]. Otherwise you can tap the **Camera** or **Video** Icons [2] or **Record** Icon [3] to record Audio or choose **My Files** Icon [4] to select files from courses.

Choose from Devices

To select an existing photo, locate and select a photo from a photo gallery on your Phone.

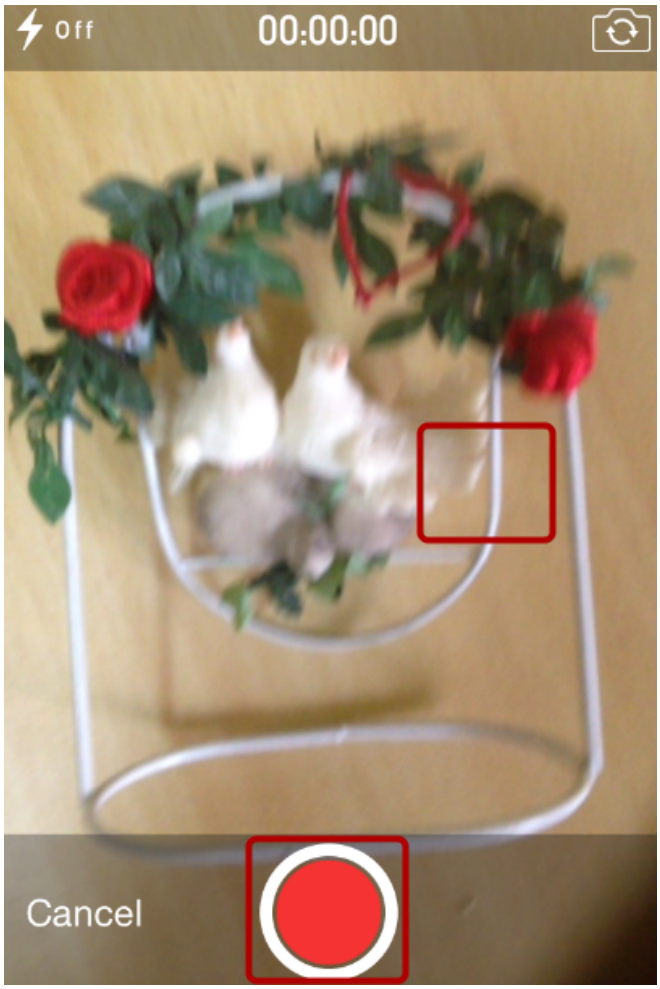
Take Photo

To take a new photo, Tap the **Camera** icon.

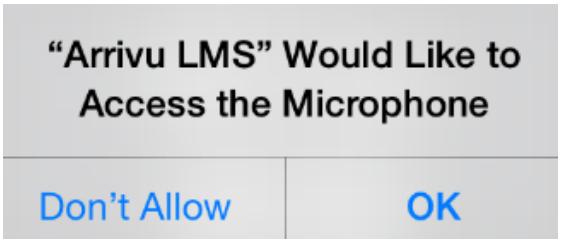
Use Photo

If you want to re-take the photo, tap the **Retake** button [1]. Otherwise tap the **Use Photo** link [2].

Take Video



To take a new video or To record a new video, tap the **Recording** button.



Note: Arrivu LMS may ask permission to access your microphone.

Use Video

To replay the video, tap the **Play** button [1]. If you want to re-record the video, tap the **Retake** button [2]. When you are finished, tap the **Use Video** button [3].

Record Audio

To record audio, tap the **Record** button.

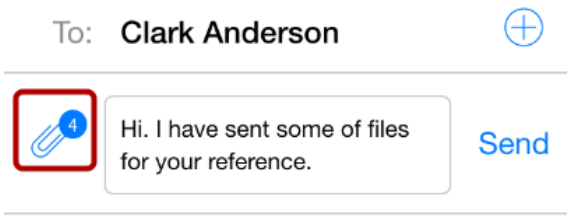
Stop Audio

To stop recording, tap the **Stop** button.

Attach Audio

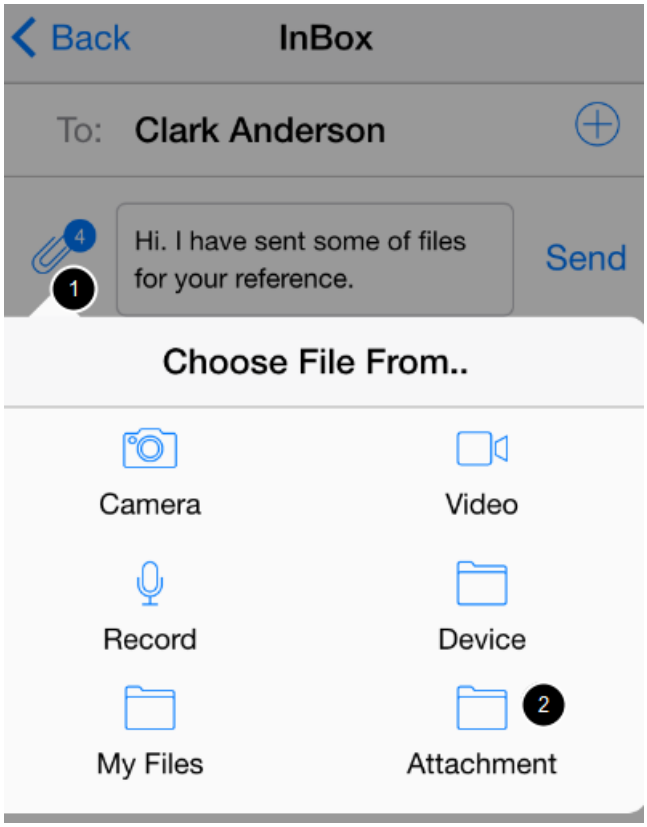
Click the **Done** link to add recorded file to attachments.

View Attachment



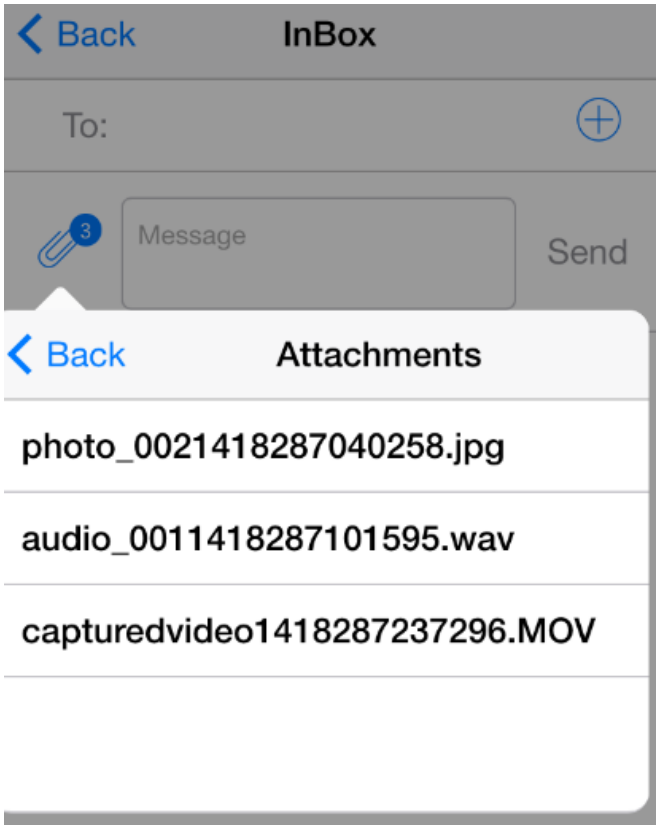
The paper clip icon will include a number indicator to show the number of attachments in your message.

View Existing Attachments



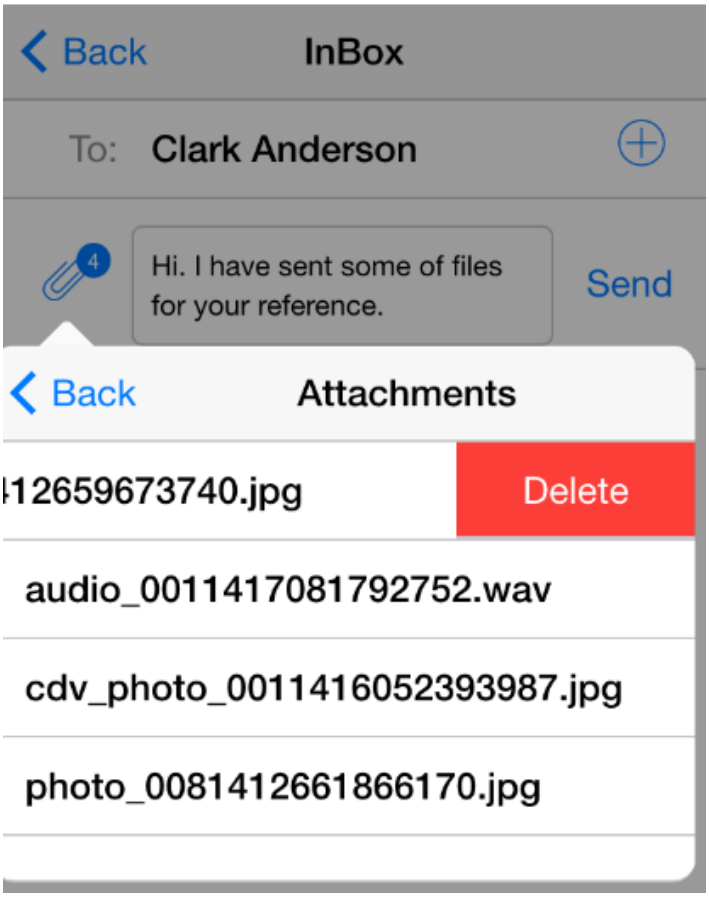
If you want to view or edit your existing attachments, tap the attachment number [1], then tap the Attachment icon[2]

Open Existing Attachments



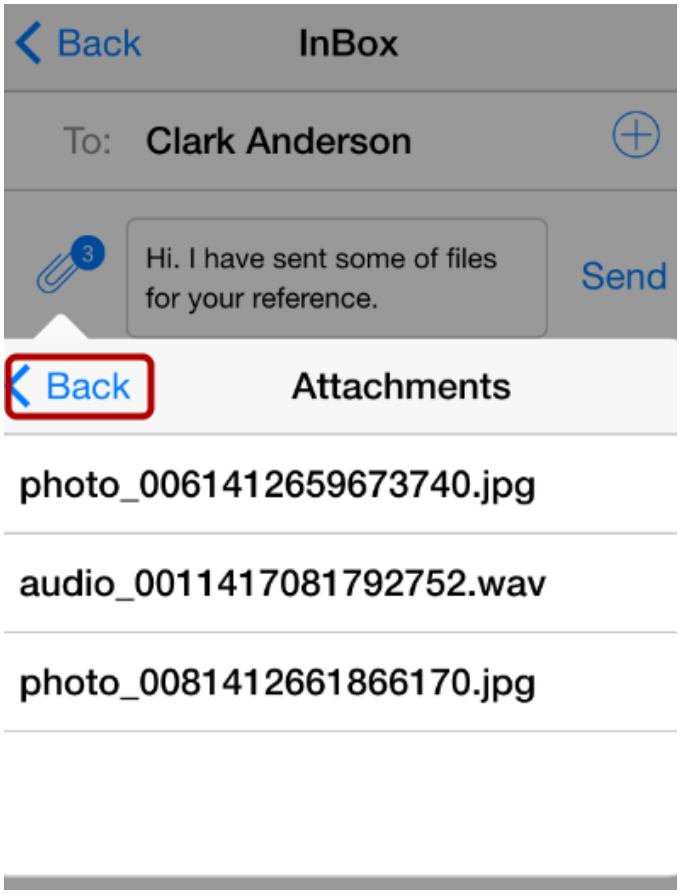
To view your existing attachments, tap the name of the attachment. The attachment will appear in a new window.

Delete Attachment



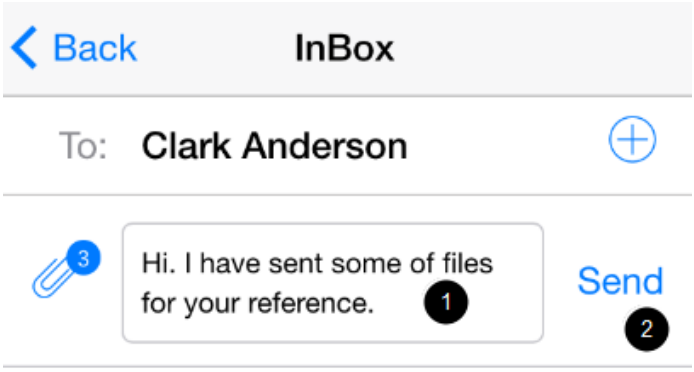
Swipe the name the attached file from right to left, and Tap the **Delete** button [1] to confirm.

Return to Message



To return to your message from your attachments, tap the **Back** link.

Send Message



Enter your message in the text field [1]. Then tap the **Send** link [2].

Note: New messages will not appear in the Inbox on the Arrivu LMS application until there is a reply to the message. However, if you have an existing Inbox message with a recipient, the message will appear as part of that message thread.
